Lohri Celebration with the theme "HarNariKoPadhana"	12/01/2018	12/01/2018	200	60

Environmental Consciousness and Sustainability/Alternate Energy initiatives such as:

College has rain water harvesting facility which allows to utilize an energy resource better. Since drinking water is not easily renewable, so it helps in reducing wastage, arresting decline in ground water levels and preventing surface water run-off. • Deployment of Solar panels on the roof of the physics theatre to utilise free of cost solar radiations resulting in reduction of electricity bills and conservation of energy. To give practical shape to the solar panel project, an internal committee was constituted in the college and project was approved by the local committee after setting goals and objectives. Finally the system was installed as a measure of energy conservation. • Use of LED bulbs and power efficient equipments.

Initiatives taken by the institution to make the campus eco-friendly

Solid waste management by segregating biodegradable and non-biodegradable wastes, making use of ITC to reduce paper consumption, minimising the use of plastic bags, disposing of the trash and non-usable items to suitable vendors.
